INT.OFFICE.DAY

The senior agent is glowing with pride.

SENIOR AGENT

Congratulations, agents! Well done!
Thanks to your wit and vigilance,
the whole world- from sunsets to
snow cones to stop lights- will
remain abundantly saturated with
color! I think I speak for everyone
when I say: thank you. As for Dr.
Evelyn Madd: well, let's just say
she won't be any trouble any time
soon. Farewell, agents.

CUT TO:

INT.CELL.UNKNOWN

Dr. Madd's cell is all-white. She's sitting around bored,
talking to her hamster.

DR. MADD

What do you want to do, Cuddle
Pants? Do you want to play a game?
I spy with my little eye...
something white.

TITLE: CONGRATULATIONS!
